

Instructions for recording and uploading your 2022 ISMS talk

- This presentation will show you how to record your talk within Zoom, then upload it to the ISMS site
- You do not need to use Zoom for this if you don't want to: there are many ways to record a talk (you could stand in front of a chalkboard and have a friend record you with a camcorder). You just need to end up with an .mp4 file at the end that is less than 500MB
 - If you record your talk outside Zoom, just skip to Step 12.

Warning: Do not have multiple monitors enabled!

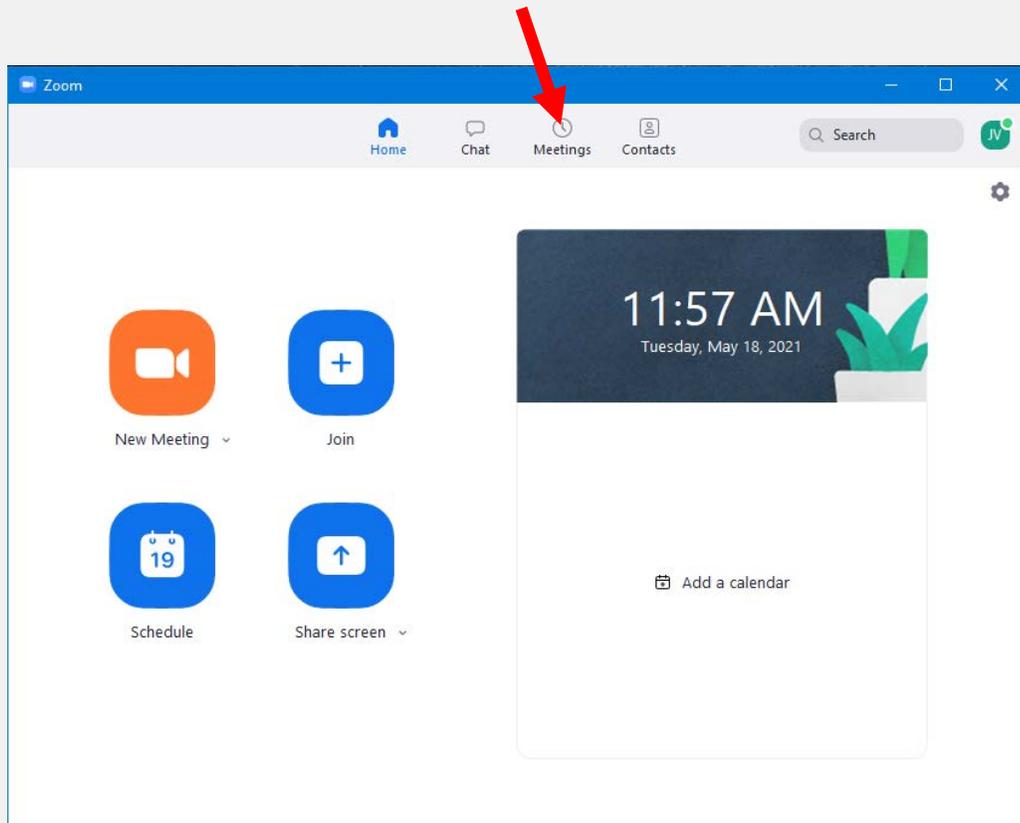

If you have dual monitors, Zoom might just record your face for 15 minutes and not your slides!

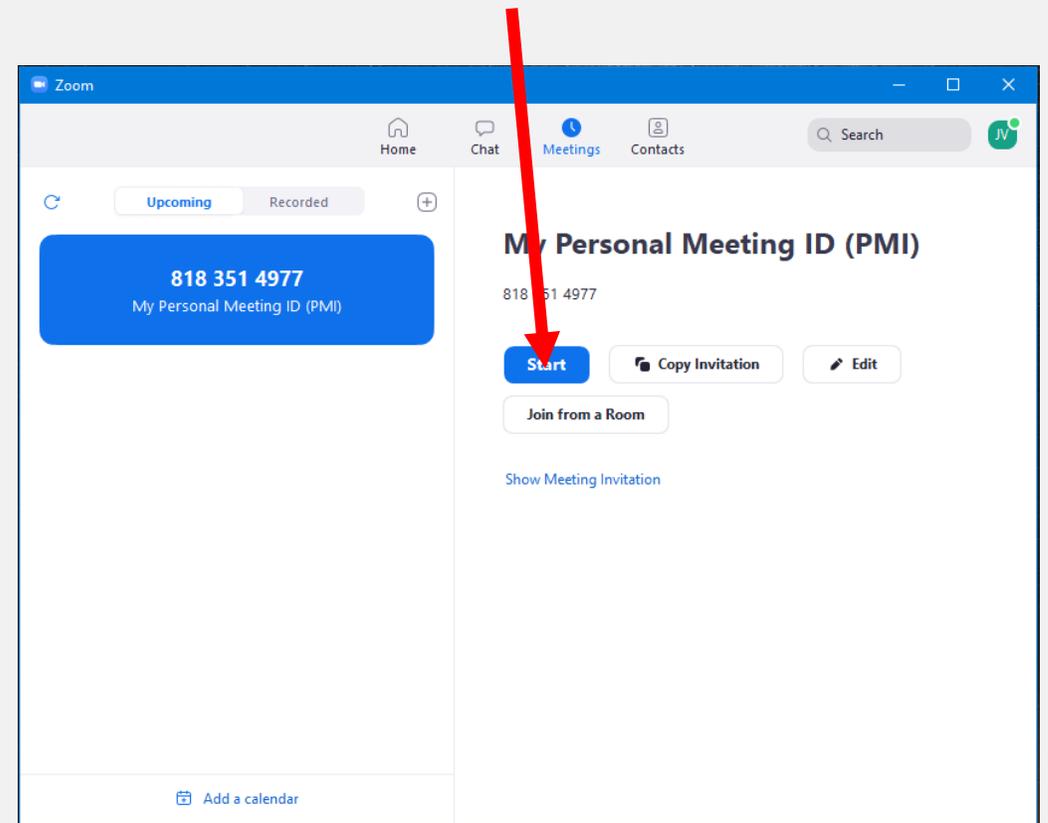

Step 1: Start your personal Zoom meeting

1A: Open Zoom, click the Meetings icon

1B: Click "Start" for your personal meeting

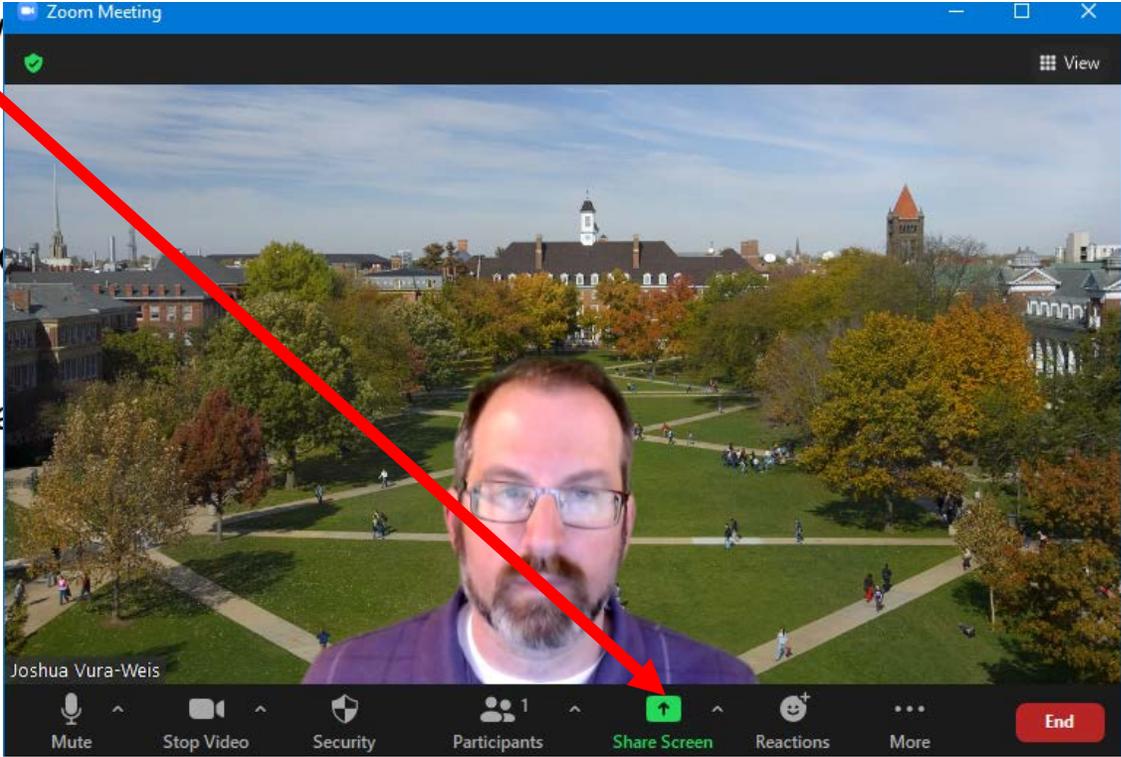

Step 2: Put your presentation in Presenter Mode, then click “Share Screen”

Note that I already have my presentation ready to go in the background. You could also start the slideshow after you start sharing

Here is the Share button

Instructions for recording and uploading your 2022 ISMS talk

- This presentation will be uploaded to the ISMS site
- You do not need to record a talk (you can record with a camcorder if you prefer) as long as the recording is less than 500MB
 - If you record your talk

on upload
ways to record
end that

Step 3: Choose your slideshow to share

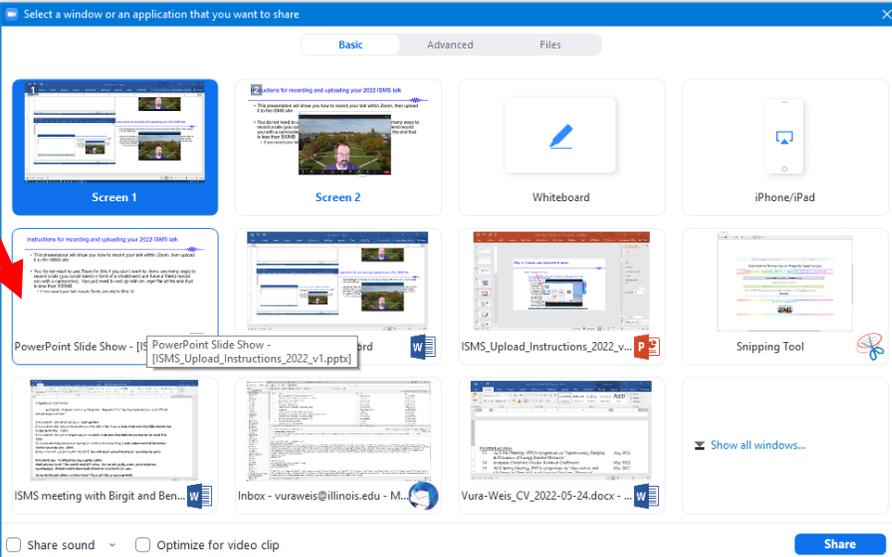

Choose "Powerpoint Slide Show"

the end that

Step 4: You will now see your slideshow with the zoom controls on the bottom

Instructions for recording and uploading your 2022 ISMS talk

- This presentation will show you how to record your talk within Zoom, then upload it to the ISMS site
- You do not need to use Zoom for this if you don't want to: there are many ways to record a talk (you could stand in front of a chalkboard and have a friend record you with a camcorder). You just need to end up with an .mp4 file at the end that is less than 500MB
 - If you record your talk outside Zoom, just skip to Step 12.

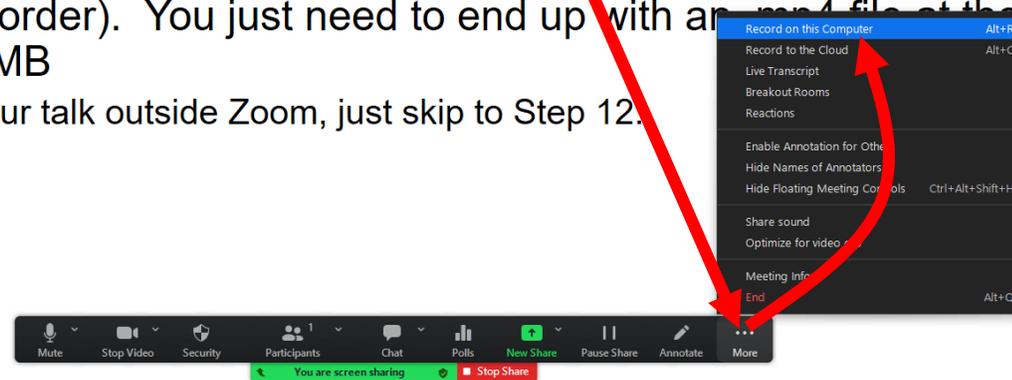

Don't worry – when Zoom records your talk it won't record those controls

Step 5: Use Zoom's built-in recording feature

You may see a circle with "Record" under it, or you might have to click the "More" button as shown here

Instructions for recording and uploading your 2022 ISMS talk

- This presentation will show you how to record your talk within Zoom, then upload it to the ISMS site
- You do not need to use Zoom for this if you don't want to: there are many ways to record a talk (you could stand in front of a chalkboard and have a friend record you with a camcorder). You just need to end up with an `mp4` file at the end that is less than 500MB
 - If you record your talk outside Zoom, just skip to Step 12.

Use "Record on this Computer"

Step 6: You will see a little red dot that indicates you are recording

 - If you record your talk outside Zoom, just skip to Step 12.

You are screen sharing 

Side note: Zoom will put your selfie-cam picture in the top right, so be careful with your titles

Instructions for recording and uploading your 2022 ISMS talk

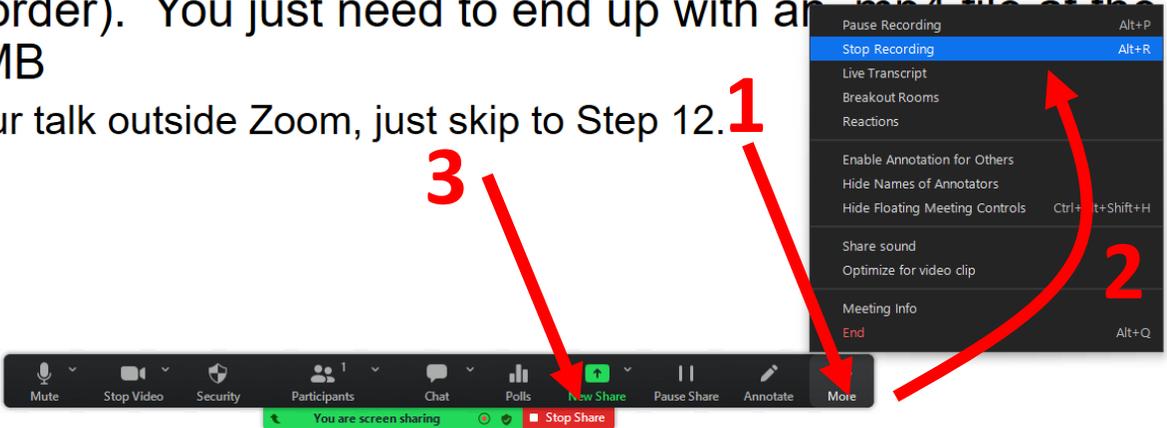

- This presentation will show you how to record your talk within Zoom, then upload it to the ISMS site
- You do not need to use Zoom for this if you don't want to: there are many ways to record a talk (you could stand in front of a chalkboard and have a friend record you with a camcorder). You just need to end up with an .mp4 file at the end that is less than 500MB
 - If you record your talk outside Zoom, just skip to Step 12.

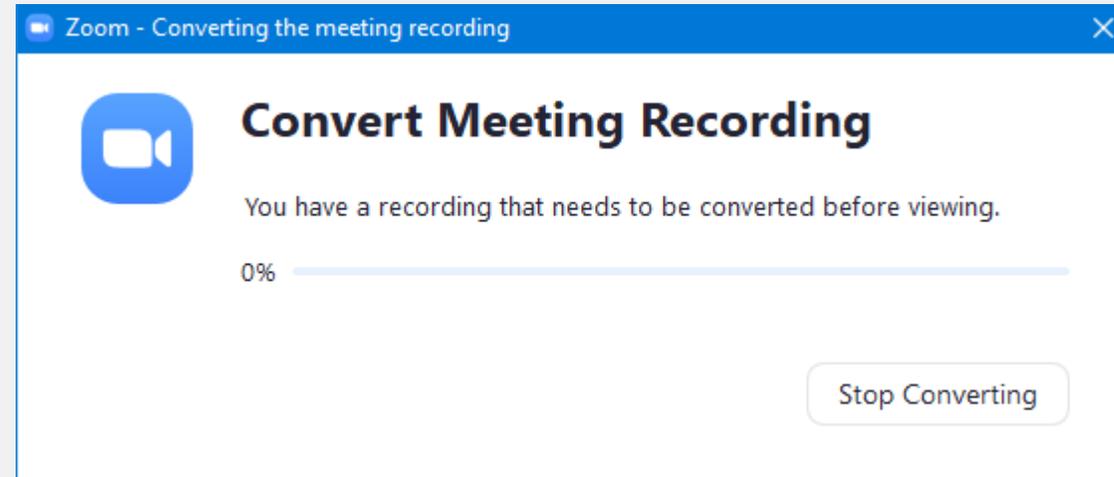

Step 8: When you are finished, stop recording, then Stop Share, then end the meeting.

Instructions for recording and uploading your 2022 ISMS talk

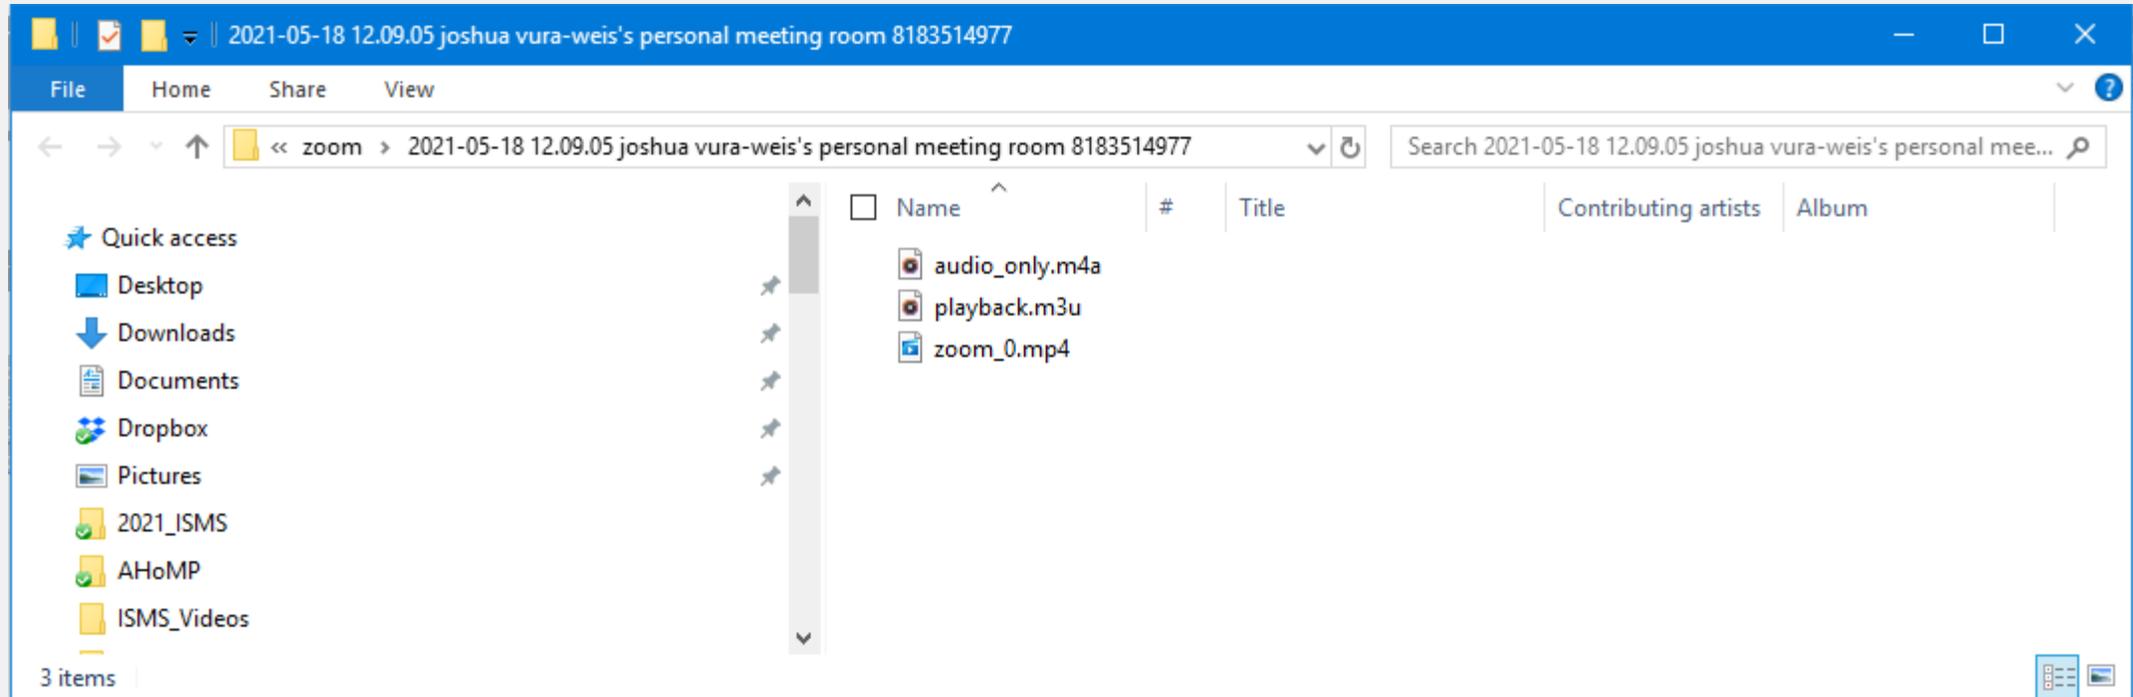

- This presentation will show you how to record your talk within Zoom, then upload it to the ISMS site
- You do not need to use Zoom for this if you don't want to: there are many ways to record a talk (you could stand in front of a chalkboard and have a friend record you with a camcorder). You just need to end up with an `mp4` file at the end that is less than 500MB
 - If you record your talk outside Zoom, just skip to Step 12.

Step 9: Sit back while your computer processes the video. This may take 5-10 minutes.

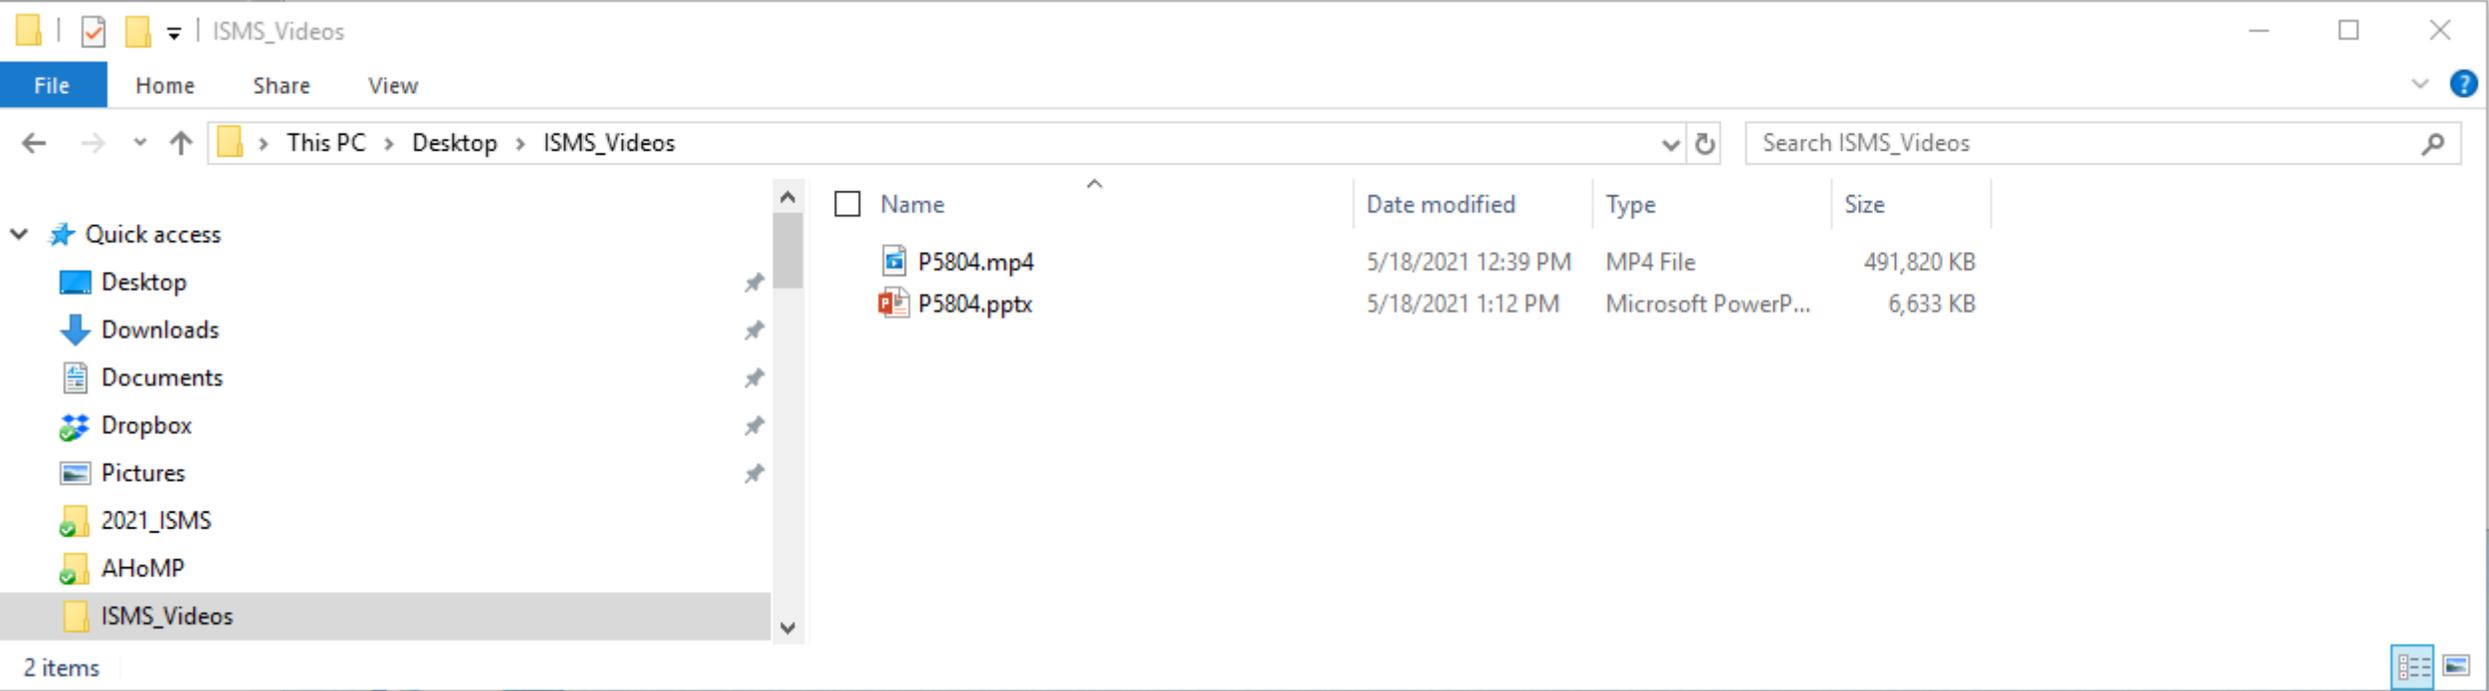

Step 10: IMPORTANT: A window will pop open showing where the video was saved.

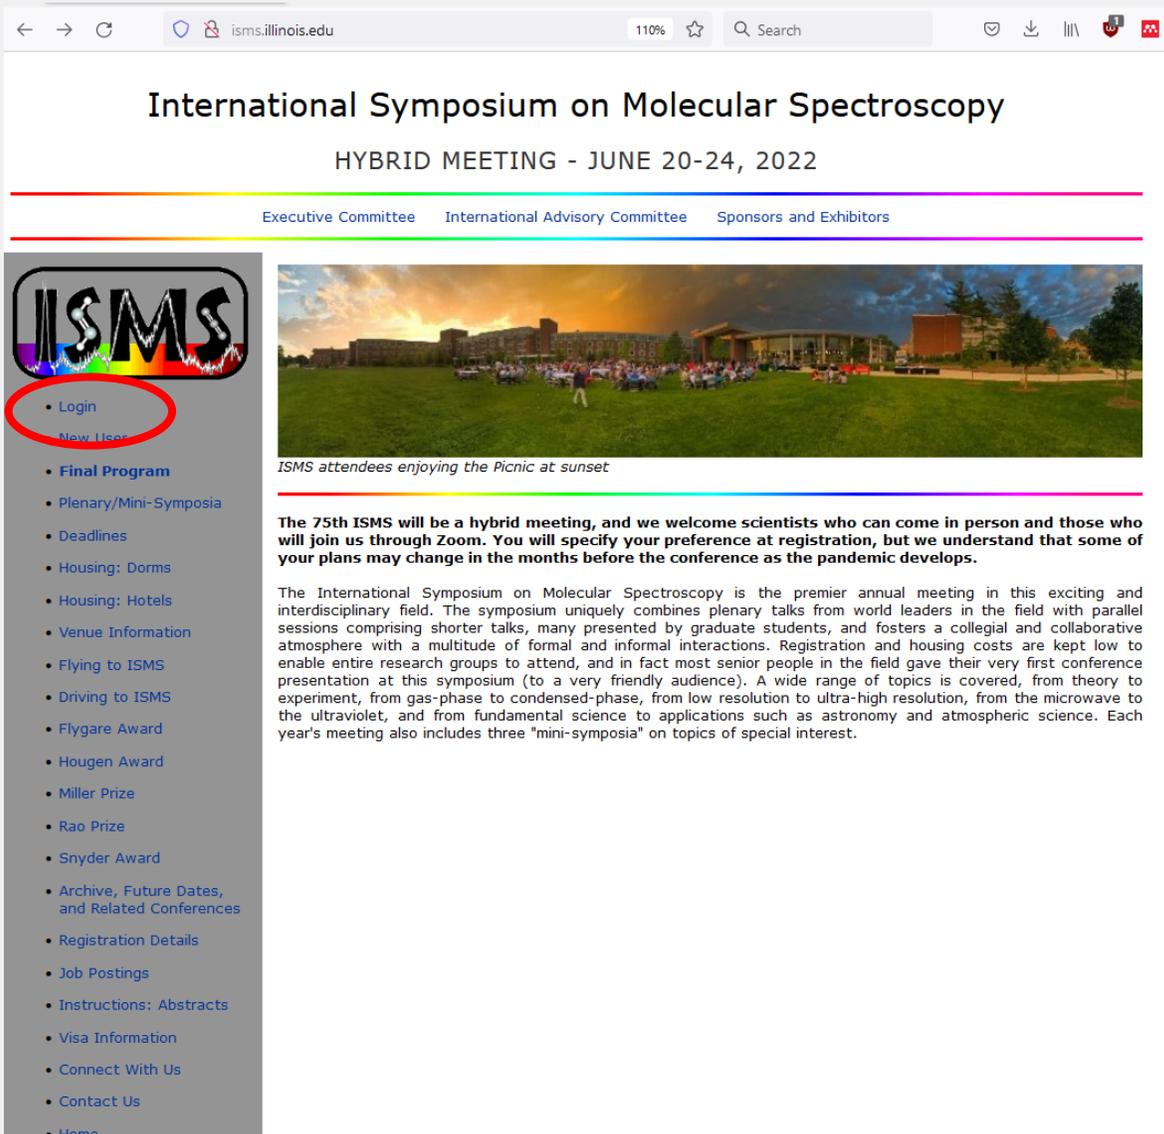

We **STRONGLY** recommend you copy the .mp4 video file to another location where it will be easier to find, and rename it with your presentation number as the title

Step 11: I put my copy in a folder with my Flash PPT, just to make things easy. Name them both with the abstract id.

The maximum file size that we allow is 500 GB

Step 12: Log into the ISMS web site

ISMS attendees enjoying the Picnic at sunset

The 75th ISMS will be a hybrid meeting, and we welcome scientists who can come in person and those who will join us through Zoom. You will specify your preference at registration, but we understand that some of your plans may change in the months before the conference as the pandemic develops.

The International Symposium on Molecular Spectroscopy is the premier annual meeting in this exciting and interdisciplinary field. The symposium uniquely combines plenary talks from world leaders in the field with parallel sessions comprising shorter talks, many presented by graduate students, and fosters a collegial and collaborative atmosphere with a multitude of formal and informal interactions. Registration and housing costs are kept low to enable entire research groups to attend, and in fact most senior people in the field gave their very first conference presentation at this symposium (to a very friendly audience). A wide range of topics is covered, from theory to experiment, from gas-phase to condensed-phase, from low resolution to ultra-high resolution, from the microwave to the ultraviolet, and from fundamental science to applications such as astronomy and atmospheric science. Each year's meeting also includes three "mini-symposia" on topics of special interest.

Step 18: Select and upload your PPT file for the presentation

The screenshot shows a web browser window with the URL `isms.illinois.edu/presentation/upload.php`. The page title is "International Symposium on Molecular Spectroscopy". A navigation bar contains links for "Participant Information", "Abstract Listing", "Registration", "Presentation Listing", "Main Login Page", and "Main ISMS Website". A button labeled "Cancel Changes and Return to Management Page" is centered. Below it, the text "Upload Powerpoint or PDF File" is displayed. A table with two columns, "ABSTRACT TITLE" and "SELECT FILE", is shown. The first row contains the abstract title "ULTRAFAST ELECTRON TRANSFER AND SPIN FLIP IN A HETEROBIMETALLIC COMPLEX" and a "Select File:" label with a "Browse..." button and the text "No file selected.". An "Upload File" button is centered below the table. At the bottom, there is a link "Need Help? Have a Question? Email Birgit!" and the ISMS logo.
